SEMINAR ANNOUNCEMENT

Dear Doctor,

Date: 12th Jan, 2012

ORTHOFIT is pioneer in bringing Podiatry and Lower Limb Biomechanics Science from World Renowned Podiatrist Philip Vasyli, Founder and Chairman of Vasyli Intø. Orthofit in cooperation with Saifee Hospital is pleased to announce a Seminar on:

“Lower Limb Biomechanics and Treatment of Common foot Ailments” in combination of Physical Therapy and Orthotic Technology.

Orthofit has been dispensing Vasyli range of òOrthotics insoles and footwearö through the Medical Channel to end users for last six years. In this short span, over 25,000 Orthotic products have been dispensed to realign feet to their natural position and to improve gait and body posture, relieving many chronic complaints of Heel/Ankle, Knee, Back and Aching Legs pain. Based on the customer feedback and referrals, the performance and benefits of this product range is overwhelming.

The Seminar will be conducted by **Dr. Tejal Sanover** (M.P.T - Musculo, B.P.T, M.I.A.P, RPT ó New York & Michigan, USA), **Medical Director of Orthofit.**

This seminar will provide you with the skills to confidently diagnose Biomechanical complaints and refer for Orthotics or dispense custom Orthotics in your own clinic. The subject matter includes:

- Gait cycle analysis
- The biomechanics of subtalar joint motion
- Neutral subtalar joint positioning
- Forefoot and Rear-foot mechanics
- The relationship between biomechanical deformities and common injuries

The participants will have an opportunity to get **“Practical Demonstration”** of dispensing Vasyli custom Orthotics.

CERTIFICATION

-Participation Certificate issued by Orthofit & Vasyli
